

## The Trophy Announces 2025 Jury Board

**Brussels, March 12, 2025:** As the 5<sup>th</sup> season of the **Wholistic World Innovation Trophy** is kicking off we happy to announce some brief changes in this year's jury board:

We give a warm welcome to **Amritaa Singh** to represent the Australian continent including New Zealand. She is an advisor to leaders on innovation, disruptive technologies and transformative policy, Amritaa takes a keen interest in ESG, technology diplomacy and justice as a service. She replaces **Robin Eckermann**, a celebrated telecommunications pioneer who served on the board from its first founding in 2019. We are highly grateful for his always valuable contributions.

**Daniel Stevenson Sutton** is not all new to the board since he supported **Maria Dolores Rua Aguite** who served on the board also from the very beginning, representing Europe. She will remain as senior advisor part of the DWI family. Daniel too works with the London based business intelligence group Omdia as Principal Analyst.

All other board positions remain unchanged. Jury President is **Vasilisa Marinchuk, Wendy van den Broeck** represents our academic partner VUB. The Americas are represented by **Ingrid Vasiliu Feltes**, Asia by **Rini Mukkath** and Africa by **Phumza Dyani**.

A very big thank you to all their past and future contributions and support!

The 2025 laureate will be announced on October 13 this year this time as part of the **Democracy4All** Congress held in cooperation with the University of Barcelona. You can find out more about **The Trophy's objective and Jury Board** on our webspace.
